### Cattle Boyz BBQ Sauces

**Original BBQ Sauce** - The first flavour to be introduced to the market place by Cattle Boyz Foods in 1998. An award-winning recipe, the Original flavour is one of the most versatile sauces available. Delicious as a glaze, marinade, dip or condiment on beef, pork, poultry, seafood and vegetables.

**Honey Hot BBQ Sauce** - Introduced by Cattle Boyz Foods in 2002. This recipe is similar to a sweet chili sauce, only sweeter and spicier. The Honey Hot flavour is a crowd pleaser on pork, chicken or salmon. It is also tasty on beef products like ribs. (Not recommended for steaks.)

Both sauces have great glazing properties and will not burn as easily as other products over open flame grilling.
